

## Test Analyst - Melbourne

Nintex is the world's leading SharePoint workflow company, with over 3000 customers in 90 countries serviced by a global network of high quality partners and service providers. Nintex delivers innovative software and cloud services that empower organizations to automate business processes, quickly and easily.

We currently seeking a proactive and detailed focused Test Analyst to join our growing Test Team to provide quality assurance and testing of our innovative software products.

Your responsibilities will include:

- Developing, writing and executing test cases.
- Defect / issue logging and tracking.
- Building and managing test environments.
- Involvement in procedure planning and improvement.
- Working closely with the development team to convey test results.

You will come to us with:

- Knowledge and experience with regression, functional, performance and integration testing.
- Knowledge and experience with software testing tools.
- Experience with testing web based applications.
- Excellent verbal and written communication skills.
- High level of detail.
- Methodical approach to testing.
- Ability to easily adjust to change, such as changes to requirements or testing priorities.
- Good understanding of the SDLC.
- General technical knowledge of MS products and technologies.

Highly desirable:

- Experience with Microsoft Visual Studio Team Foundation Server.
- Experience with Microsoft Hyper-V and building MS server environments.
- Microsoft SharePoint knowledge.
- AD and WSS / SPS install and configuration.
- Experience with Automated testing.
- Experience with SCRUM methodology.

We offer:

- A great place to work
- An awesome team of people to work with
- Personal and Career development
- A company that genuinely cares about you
- Flexibility to work in the way that brings out the best in you
- The ability to do what you love, in an environment that supports you
- Mobile phone and home internet allowances
- Training, support, coaching and development

Our commitment to you is to give you opportunities to help you take your career to the next level!

If this sounds like the perfect role for you, please apply by sending your resume and cover letter to [hireme@nintex.com](mailto:hireme@nintex.com)
