

NINTEX SUBPROCESSORS

LAST UPDATED

Last Updated: June 10, 2026

INTRODUCTION

Nintex engages certain third-party subprocessors to assist in the delivery of its services. These subprocessors may process personal data on behalf of Nintex and its customers in connection with the provision of the applicable Nintex products identified below.

This page identifies the subprocessors currently authorized by Nintex for each product. Nintex will update this page to reflect any additions or changes to its subprocessors.
